Subject: Meeting request: NPAC - citizen complaint
Importance: High

Hello Tim and Niel,
Mascoma has received a written complaint regarding the NPAC project. The basis of the complaint surrounds the hiring practices of the GC as compared to what was contained in the project Community Benefits Agreement. We are in the process of confirming our ability to share a copy of the letter.

For us to determine how best to respond to the complaint, we'd like to talk with you to learn as much as we can about it.

Mascoma Bank, as the investor, and Mascoma Community Development, as the tax credit allocatee, take all complaints seriously and makes every effort to ensure a solid understanding of facts and circumstances so that we may address them accordingly.

If none of the following times are workable, could you please share alternatives?

Monday 3/13 at 1:30 or 4:00 pm

Wednesday 3/15 at 12:00 or 2:00 pm

I'll schedule a Teams call once I hear back.

Thank you,
Michelle
